

Is It a Scan or Just a Picture? Watch Our Video to See Why It Matters

Wuppertal, Germany – February 9, 2021

If you've ever wondered what the difference is between a picture and a scan, this latest video will explain it to you in detail. Why does it matter? The answer is simple: huge differences in quality.

All Image Access Bookeye® and WideTEK® products are true scanners and not just off the shelf digital cameras with resolution lower than your cell phone camera.

About Image Access

Image Access is the technology leader in the large format scanning market and offers products in all large format segments: Bookeye® overhead scanners for valuable books more than A1 in size, WideTEK® ART non-contact fine art scanner for formats up to 36 x 60 inches, WideTEK® flatbed scanners for formats greater than A2 / 25x18.5", WideTEK® sheet feed scanners for documents between 36", 48" and 60", 36" duplex scanners for high volume production of double sided scans and WideTEK® MFP Solutions.
